

ClearWater Technologies

A subsidiary of Industrial Control Systems, Inc.

Don Apking joins ClearWater Technologies as Director of Sales and Marketing

Sandston, VA January 5, 2009 – ClearWater Technologies, a manufacturer’s representative and market consulting company in the municipal and industrial water treatment market is pleased to announce that Don Apking has joined the company as Director of Sales and Marketing. He will be responsible for growing sales of new technology and marketing capability in the municipal and industrial market sectors.

Apking brings over twenty years of experience in the municipal and industrial water and wastewater treatment industry. During his career in the water treatment industry he has held various positions in management, marketing, sales and business development.

Industrial Control Systems Inc. President Mark Romers commented, “We are pleased to have Don leading our subsidiary company, Clearwater Technologies into the municipal and industrial markets. He brings a wealth of experience and industry relationships.”

Clearwater Technologies (www.cwt-ics.com) is a manufacturer’s representative for:

- **Altair Equipment Company** (www.altairequipment.com) - Demineralizers, RO’s Softeners
- **CAVM** (www.conveavs.com) – Onsite Hypochlorite, Chlorine and Caustic generation
- **Filter Magic** (www.filtermagic.com) - revolutionary water and wastewater filter control system for tertiary filter plants
- **Industrial Control Systems** (www.ics-scada.com) – a full service systems integrator
